TESTIMONIALS

We loved having Sirisha as our Women's History Month keynote speaker at Toyota North America. . Sirisha provided stories to bring the concepts to life and helped our team leave with an empowered purpose to not be afraid of giving, receiving, or seeking out feedback. I would highly recommend anyone to hire Sirisha.

Great actionable advice today in your Mentorship presentation today at SWE. The idea of a career SWOT and personal board of directors were excellent. Many thanks for sharing your experiences and advice.
